Do you want to learn more about the Spanish Immersion Program located at Sonia Sotomayor Elementary School?

Choose to attend one of the meetings listed above. You will learn about the program, tour the school, visit a classroom, and ask any questions you might have. You can visit with current students in the program as well as some parents to have all your questions answered from those directly involved in the program.

In a Spanish immersion program, all the classroom instruction occurs in the target language- Spanish. Rather than the *language* being the topic of instruction, it is the *method* of instruction. Students read, write, and speak the language as they go through their daily lessons.
